

# Project 9 – Stakeholder Assessment

Overview – The WCMC worked with our stakeholders in 2021-22, completing questionnaires and attending a workshop. The purpose of the assessment was to ensure that the WCMC is delivering what is required for the Welsh National Coastal Monitoring Programme. This information has been distilled into new purpose, vision and mission statements to define the programmes direction over the next 10 years.

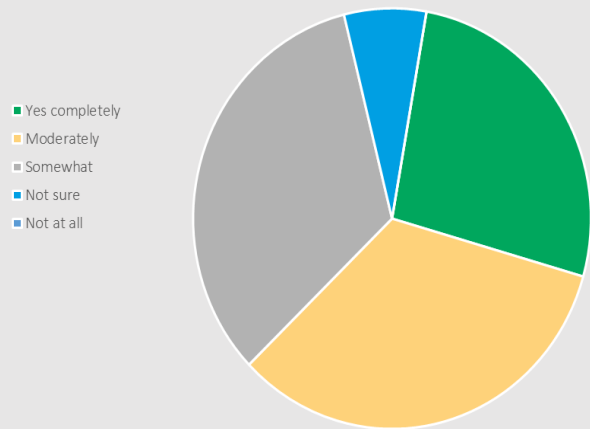

**Aim** – To provide the organisation with a clear direction for the next 10 years

**Who/Collaboration** – WCMC, NRW & 15 Welsh Maritime Local Authorities

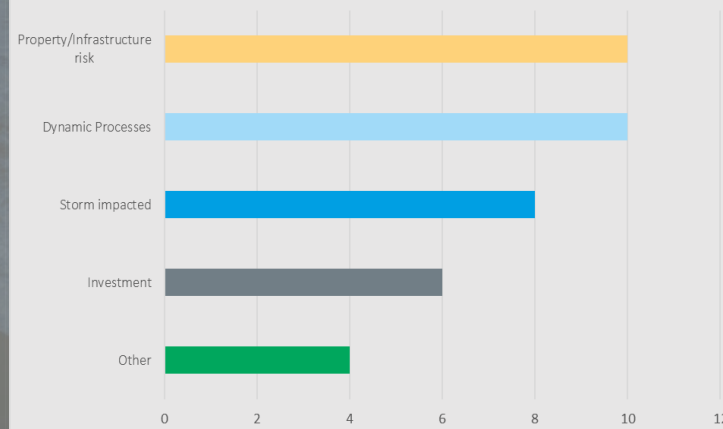

**Results** – Published August 2022 For Further Detail in the Results Report [Click Here](#)

Does our programme reflect your local requirements?

Reasons for more monitoring

Are we delivering what you would expect from a National Coastal Monitoring Programme?
